LIST 2606

THIS LIST COVERS STOCK OFFERED BY

CLARKE NURSERY CO.

SAN JOSE, CALIF.

SEASON 1926-1927

PLEASE NOTE

All summer quotations not accepted to date are hereby cancelled.

TERMS. To buyer of known or established credit, 60 days from date of invoice. Otherwise cash with order or 25% with order, balance C. O. D.

GRADING. Plants that are wider than they are tall are graded by width.

QUANTITIES. Five or more plants of one kind and size will be supplied at 10 rate; 50 or more at 100 rate; 500 or more at 1000 rate.

POTS. Prices on pot grown stock do not include the pots and unless otherwise instructed plants will be removed from pots before shipping. If wanted in the pots they will be charged for at cost, but can be returned if desired and credit will be given.

PACKING. Will be charged for at cost as usual. Plants will be packed to secure lowest possible freight classification consistent with the nature of goods shipped.

SHIPPING. Our responsibility ceases when goods are delivered to transportation company in good order. They travel at buyer's risk. Please state distinctly whether you wish goods shipped by freight or express and where water shipment is possible be sure to specify by water or rail as you may prefer.

NOMENCLATURE. All plant names, both botanical and common, have been revised to conform with 1923 edition of "Standardized Plant Names," if listed in that book. The only exceptions are a few uncommon items and novelties which that work does not include, and the addition of a few common names widely used on the Pacific Coast. This standardized nomenclature should unquestionably be followed by everyone from now on.

This list covers items of which we now have a fairly good supply unsold. Many other things can be furnished in moderate quantities and quotations will be made on request. So if you want any ornamental stock not listed here write us about it.

This list is for the trade only and all prices are strictly net.

ROSES

We handle roses very extensively, both budded and own roots. The latter are practically sold out for this season. Revised list on budded roses will be sent out as soon as present orders are filled and recounts made. Meanwhile we shall be glad to make quotations on request and send our descriptive list covering most of the newer roses and the best of the old.

PLEASE NOTE

This price list covers only stock offered by Clarke Nursery Co., San Jose, Calif.

We also act as sole marketing agents for several other concerns and handle many good lines on a brokerage basis, so are in a position to supply almost anything produced on the Pacific Coast in

NURSERY STOCKS, ROSES and BULBS

Inquiries on any of these lines will receive prompt attention.

IMPORTANT

Be sure to note at once Special Offer on last page.

NEW VARIETIES

The varieties marked * belong to a new class of Lilac, the "Early Lilacs," a cross between one of the early flowering Lilacs and Syringa Giraldi; this latter Lilac has been recently introduced from China and is remarkable for its flowering a week or two before the other sorts. This cross originated a new race of tall growing Lilacs which expand their flowers before those now known.

- *BERRYER—Semi-double; long thyrses of mauve flowers.
 *CLAUDE BERNARD—Double or semi-double; bright mauve lilac.
 EMILIE GENTIL—Double; large imbricated flowers, bright cobalt-blue; a very rare shade among Lilacs.
 JEAN MACE—Double; broad, compact panicles, irregular flowers, changing to bluish; an early and very floriferous variety.
 *LAMARTINE—Single; large clusters of rosy-mauve flowers; a very strong grower.
 MARECHAL LANNES—Double; a most beautiful variety with very large individual flowers; semi-double to double; bluish violet.
 *MIRABEAU—Single; mauve, the earliest of all.
 *PASCAL—Single; pure lilac; very free.
 PRESIDENT FAILLIERES—Double; immense clusters; pale lavender.
 PRESIDENT LOUBET—Double; large purple flowers with red buds, a very distinct variety.
 *VAUBAN—Double; tender pinkish mauve.
 VESTALE—Single; large pure white panicles, perfectly shaped flowers.

SPECIAL OFFER

During the Summer we call on our customers as far as possible and give them the opportunity of ordering in advance at *low flat rates* regardless of quantity.

As these low rates are not mailed out, those customers we do not see have been at a disadvantage.

As an experiment to equalize this situation we are making this special offer:

Orders placed immediately for five of a kind or more, will be booked at lowest rate quoted in this list. In other words, by acting *at once* you can order small lots at hundred rates, which means a big saving.

This offer is limited as to time. Orders from customers west of Rockies must reach us by November 25th; from customers further east, time will be extended to November 30th. We will positively not deviate from these dates.
